Camp Management & EMT fee can be pooled among all Troops in camp. The goal is to pay an outside EMT to come in for the day to provide service, so Camp Staff enjoy their time off. The reason behind the camp management fee is to be able to reimburse a volunteer Camp Master for their fuel to come to camp and be the point of contact so the Camp Director can have time off.

As a courtesy we do not charge two week troops a management fee, we want to encourage more Troops to stay two consecutive weeks.

*Troops may provide their own medic who meets Scouting America NCAP regulations and not pay a fee.

**Meals are optional. If you would like to include meals, advance notice with head count is required.

Note to Staff:

- Meal charges are to be rung in as Visitor Meals
- Medic Charges are to be rung in as Camp Fees
